Presents

Our 3D Virtual World is unlike anything the Blockchain/Crypto conference world has seen.

- No Download Required
- Available in Browser
- 3D Exhibition Booths
- Total Immersive Experience
- Avatar-based Networking
- Live Simultaneous Translations

For the very first time, BlockDown's 3D world is available in the browser. No download required and smooth experience across all devices.

The Opportunity

This is a unique opportunity for your project to create an unforgettable, tailored virtual experience in collaboration with BlockDown. We offer a bespoke event service, meaning that you can select different parts of the following options, and our team will curate a personalised package for your project, based on your requirements, that will appear under the umbrella of BlockDown Productions.

- Expert Virtual Event Management
- Professional Production Team
- BlockDown Community & Cross Promotion
- BlockDown Design & Artwork
- BlockDown Support Team

Webinars

Working closely with our BlockDown Productions team, you are able to share industry-focused webinars with our team of professionals on hand to create the best possible experience for your attendees.

The opportunities are endless!

You can:

- Hold interactive talks, panels, masterclasses and Q&A sessions.
- Allow attendees to interact through live chats.
- Choose between a virtual 3D personalized avatar experience or a highly efficient 2D streaming platform.

Community Meetups

In this space, community is everything, which is why we are proud to offer you a true community-centric option in this service.

You can:

- Create tailored meetups for your global communities.
- Host live talks, announcements and panels with speakers that are relevant to your community.
- Hold real-time AMA sessions.
- Have live chat and polling options for each presentation.
- Offer fully functional staffed 3D booths to related projects.

Host networking spaces where your attendees can meet and make business together. Create roundtables and masterclasses where participants can discuss and learn more about technical and development innovations - just like in the physical world!

Break away from geographical limits and bring your international audiences together by using live translation on your presentations, live chats and interactive polls.

DevCon

Create a fully virtual 3D multiple day conference experience with talks, panels, exhibition booths and sponsored parties.

- Host live talks, announcements and panels with speakers that are relevant to your community.
- Hold real time AMA sessions.
- Create live chat and polling options for each presentation.
- Bring local communities of your global audience together without language barriers by implementing live translation and a selection of live chats and interactive polls for every language.

Celebrations

Do you have an upcoming project milestone you would like to celebrate with your community?

This is your chance to actually host your own unique 'NightClub' or 'Boat Party' Experience!

Choose your favorite DJ and bring all your community together for a party to remember - from the comfort of their own homes!

Dance the night away with new and old friends and even 'sit down' to rest and network in our amazing virtual locations.

Available Environments:

Exhibition Hall

Networking Zones

NightClub

Boat Parties

Customised Environments

Work with the BlockDown Event team to decorate the BlockDown environment with your projects branding.

Create customised clothing and offer NFT's to your audience for attending.

What people are saying...

“
BlockDown has proven to be an awesome platform and partner for Akoin to break our news to an engaged global audience. Their market-leading content, media relations, technical expertise and creativity sets Blockdown apart as the leader in virtual Blockchain conferences.”

Akon
Chairman & Co-Founder — Akoin

“
BlockDown 2020 pushed the boundaries of what was previously thought to be possible. It brought together quality speakers, attendees, and provided a genuinely exciting experience. I'm looking forward to future events and can't wait to see how BlockDown continues to reshape the way we think about conferencing.”

Nicholas Merten
Host & Founder — DataDash

Staying Home Michael J. Casey @mikejcasey · 17 jun.
Excited for this fireside with @cz_binance, the first one I've ever done with him, in this case of course virtually. Sign up for the latest @BlockDownConf event this Friday at 9 am ET.

There is a first time for everything. 😊 Looking forward to it.

Tailored To Your Needs

**Block
Down.**
Productions

BlockDown Productions offers you an integrated virtual event space, allowing attendees to create unique avatars as they explore the world, designed and hosted by your project.

This immersive experience is 100% cloud-based, meaning that nothing has to be downloaded, and the space can be accessed in any standard browser. Our team will curate a tailored package based on your needs and requirements. The opportunity to 'mix and match' different elements is encouraged and will provide the best experience for your attendees and your project. Your event will be positioned within the exclusive BlockDown Productions suite.

How it works

Step 1: Our team will arrange a call to discuss both your vision and your requirements for your virtual event.

Step 2: Our event specialists will curate a bespoke package based on your needs and budget, presenting it directly to you for feedback and adjustments.

Step 3: We will facilitate all aspects of your event, and ensure all technical elements and logistics are taken care of, so you can enjoy a smooth event from launch to completion. We'll even be there to support you on the day.
